

NAPOLEON CRUSHING CANNON

LEVEL: **MEDIUM**

EVIL MASTER
#3

Ahhhh!

ELASTIC BAND POWERED
CATAPULT CANNON!

Blasphemous Napoleon with this cool cannon and re-enact the demise of the Minions' third evil master (and if you get bored of that try aiming for Mum or Dad!)

MATERIALS

Cardboard wrapping paper tube (approx. 45mm diameter)
Small corrugated cardboard box
1 x aluminium bottle cap
1 x elastic band 75mm long
1 x A4 210gsm card
Thread or string
Poster paints
Permanent marker
Pencil and compass
Glue gun
Scissors and craft knife

9: Attach the wheels to the chassis using glue. Glue the two pence piece on to the top of the chassis (it stops the cannon from tipping over).

3: Print the artwork onto white card and cut it out. Glue the minions onto the cannon and leave Napoleon freestanding.

HOW TO PLAY

Scrunch up a small piece of paper to create the cannonball. Push the cannonball into the bottle cap. Pull the string back (keep going until the elastic bands are nice and taut). Now release the string and watch your cannonball fly.

Try aiming aiming the cannon at Napoleon and re-enact the scene from the trailer!
